INDEPENDENT ACCOUNTANT'S COMPILATION REPORT

To the Board of Directors
Hamilton County Telephone Co-Op
Dahlgreen, Illinois

We have compiled the accompanying balance sheets of Hamilton County Telephone Co-Op (an Illinois corporation) as of December 31, 2012 and 2011, and the related statements of income and retained earnings or margins for the years ended December 31, 2012 and 2011, and cash flows for the year ended December 31, 2012, included in the accompanying prescribed form. We have not audited or reviewed the financial statements included in the accompanying prescribed form and, accordingly, do not express an opinion or provide any assurance about whether the financial statements are in accordance with the form prescribed by the Federal Communications Commission (FCC).

Management is responsible for the preparation and fair presentation of the financial statements included in the form prescribed by the FCC and for designing, implementing, and maintaining internal control relevant to the preparation and fair presentation of the financial statements.

Our responsibility is to conduct the compilation in accordance with Statements on Standards for Accounting and Review Services issued by the American Institute of Certified Public Accountants. The objective of a compilation is to assist management in presenting financial information in the form of financial statements without undertaking to obtain or provide any assurance that there are no material modifications that should be made to the financial statements.

The financial statements included in the accompanying prescribed form are presented in accordance with the requirements of the FCC, and are not intended to be a presentation in accordance with accounting principles generally accepted in the United States of America.

This report is intended solely for the information and use of the FCC, Universal Service Administrative Company and the Illinois Commerce Commission and is not intended to be and should not be used by anyone other than these specified parties.

To the Board of Directors
Hamilton County Telephone Co-Op and Subsidiaries
Dahlgren, Illinois

We have audited the consolidated financial statements of Hamilton County Telephone Co-Op and subsidiaries, as of and for the year ended December 31, 2012, and have issued our report thereon dated March 21, 2013.

Professional standards require the auditor to communicate certain matters to those charged with governance. The following comments regarding our responsibilities and results of our audit of the consolidated financial statements of Hamilton County Telephone Co-Op and subsidiaries for the year ended December 31, 2012, will assist you in overseeing the financial reporting and disclosure process for which management is responsible.

Our Responsibility under Generally Accepted Auditing Standards

Our responsibility as described by professional standards and stated in our engagement letter, is to express an opinion about whether the consolidated financial statements prepared by management with your oversight are fairly presented, in all material respects, in conformity with accounting principles generally accepted in the United States of America. Our audit of the consolidated financial statements does not relieve you or management of your responsibilities. We conducted our audit in accordance with auditing standards generally accepted in the United States of America. Those standards require that we plan and perform the audit to obtain reasonable, but not absolute, assurance that the consolidated financial statements are free of material misstatement and are fairly presented in accordance with accounting principles generally accepted in the United States of America. Because an audit is designed to provide reasonable, but not absolute, assurance and because we did not perform a detailed examination of all transactions, there is a risk that material errors, fraud or other illegal acts may exist and not be detected by us.

As part of our audit, we considered the internal control of Hamilton County Telephone Co-Op and subsidiaries. Such considerations were solely for the purpose of determining our audit procedures and not to provide any assurance concerning such internal control. We are responsible for communicating significant matters related to the audit that are, in our professional judgment, relevant to your responsibilities in overseeing the financial reporting process. However, we are not required to design procedures specifically to identify such matters. We are also responsible for communicating matters required by law, regulation, agreement or other requirements applicable to the engagement to you.

Other Client Information Presented with the Consolidated Financial Statements

Our responsibility with respect to the supplementary information included with the consolidated financial statements is as described in our report thereon dated March 21, 2013.

Planned Scope and Timing of the Audit

We performed the audit according to the planned scope and timing previously communicated to you in our engagement letter.

Significant Audit Findings

Qualitative Aspects of Accounting Practices

Management is responsible for the selection and use of appropriate accounting policies.

The significant accounting policies of the Company are described in footnotes to the consolidated financial statements. No new accounting policies were adopted and the application of existing policies was not changed during the year ended December 31, 2012.

Accounting estimates are an integral part of the consolidated financial statements prepared by management and are based on management's knowledge and experience about past and current events and assumptions about future events. Certain accounting estimates are particularly sensitive because of their significance to the consolidated financial statements and because of the possibility that future events affecting them may differ significantly from those expected.

Sensitive accounting estimates included in the consolidated financial statements for the year ended December 31, 2012, relate to the estimates for depreciation. As part of our audit, we compared the Company's depreciation rates to average rates used within the telecommunications industry. We have also discussed with management the Company's long-range plant replacement plans and have determined the current depreciation rates to be consistent with those plans.

Management's estimate of the percent complete of construction contracts is based on the percentage of cost incurred through the year ended December 31, 2012 to estimated total cost for each contract. We evaluated the key factors and assumptions used to develop the percent complete of construction contracts in determining that it is reasonable in relation to the consolidated financial statements taken as a whole.

Difficulties Encountered in Performing the Audit

We encountered no significant difficulties in dealing with management in performing and completing our audit.

Corrected and Uncorrected Misstatements

Professional standards require us to accumulate all known and likely misstatements identified during the audit, other than those that are trivial, and communicate them to the appropriate level of management. Management has corrected all such misstatements. In addition, none of the misstatements detected as a result of audit procedures and corrected by management were material, either individually or in the aggregate, to the financial statements taken as a whole.

REDACTED – FOR PUBLIC INSPECTION

To the Board of Directors
Hamilton County Telephone Co-Op and Subsidiaries
Page 3

Disagreements with Management

For purposes of this letter, professional standards define a disagreement with management as a financial accounting, reporting or auditing matter, whether or not resolved to our satisfaction, that could be significant to the consolidated financial statements or the auditor's report. We are pleased to report that no such disagreements arose during the course of our audit that individually or in the aggregate were of such significance that reference to the subject matter would have been made in our reports.

Management Representations

We have requested certain representations from management that are included in the management representation letter dated March 21, 2013.

Management Consultations with Other Independent Accountants

In some cases, management may decide to consult with other accountants about auditing and accounting matters, similar to obtaining a "second opinion" on certain situations. If a consultation involves application of an accounting principle to the Company's consolidated financial statements or a determination of the type of auditor's opinion that may be expressed on those statements, our professional standards require the consulting accountant to check with us to determine that the consultant has all the relevant facts. To our knowledge, there were no such consultations with other accountants.

Other Audit Findings or Issues

We generally discuss a variety of matters, including the application of accounting principles and auditing standards, with management each year prior to retention as the Company's auditor. However, these communications occurred in the normal course of our professional relationship and to our knowledge our responses were not a condition to our retention.

This letter is intended solely for the information and use of the board of directors, management of the Company, the Federal Communications Commission, Universal Service Administrative Company and the Illinois Commerce Commission and is not intended to be and should not be used by anyone other than these specified parties.
